ZERO TOUCH CONTROL

SANMATE cares about your health.
Use of SANMATE without any touch.
so that users don't need to touch the
surface to get the sanitizer from the
machine

LOW SANITIZER LEVEL TEXT or EMAIL

- SAN-MATE makes it easy for users to get notifications via SMS that have been implanted with a SIM CARD in it.
- Users can use sim cards from operators in Indonesia.
- Users can connect SANMATE to the internet network either via a wired or wireless network

CLOUD REPORTING

SANMATE stores and maintains user data in the cloud server. Users can use reports by accessing the portal to be provided

REMOTE ADJUST SETTINGS

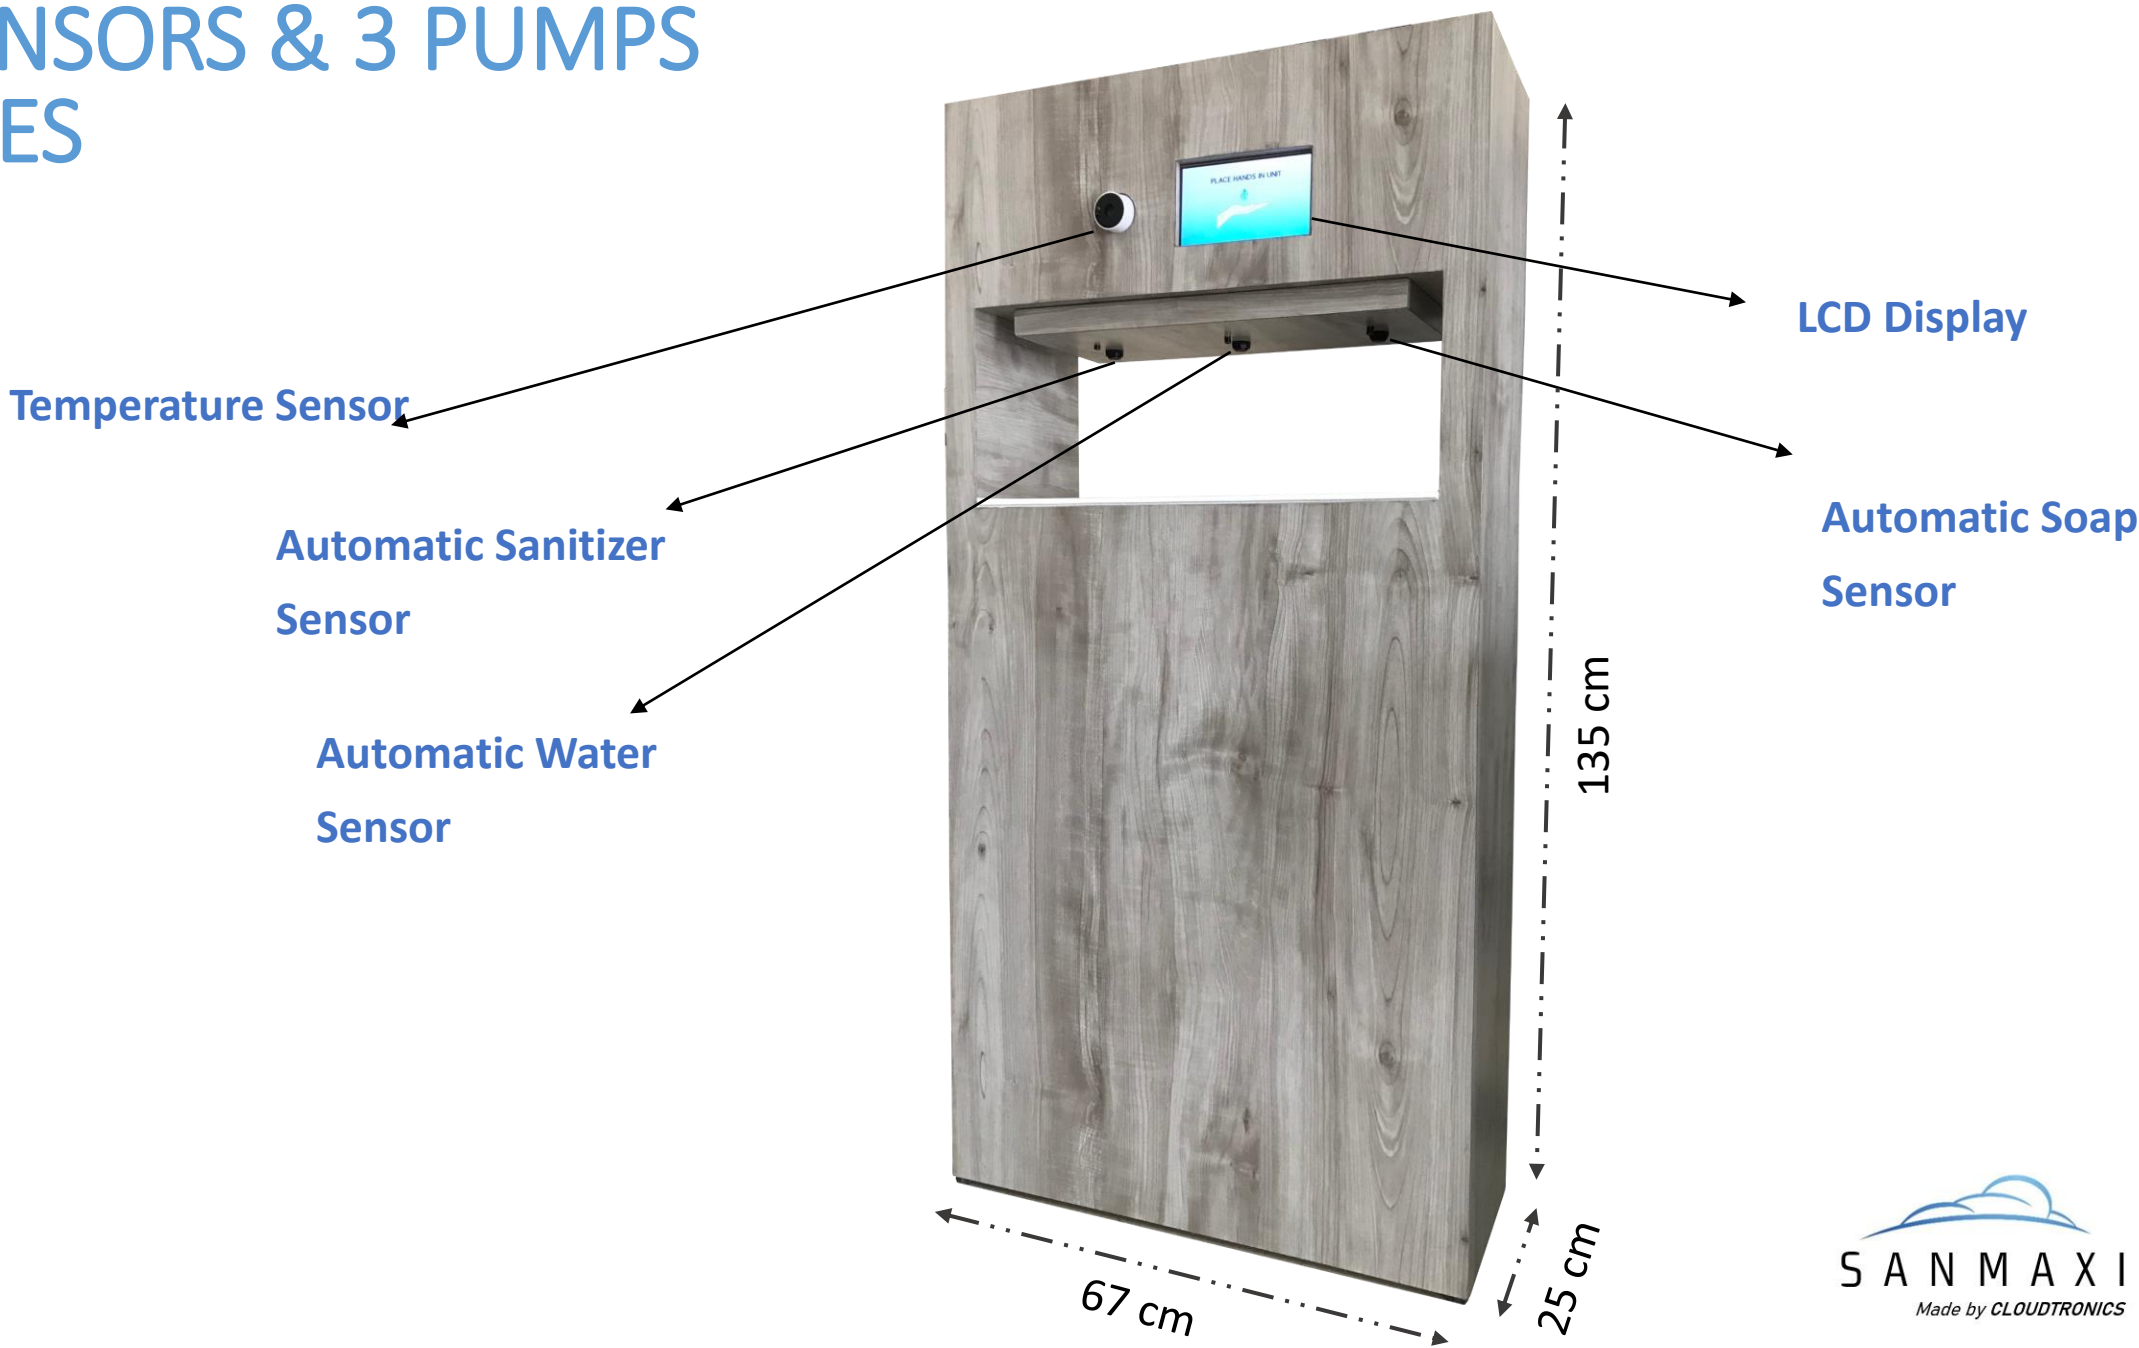

Now, users do not need to go to the location where the machine is located. Users can change settings on the machine remotely as long as the machine is connected to the internet

TEMPERATURE DISPLAY

SANMATE is not only an automatic sanitizer machine. SANMATE can detect everyone's body temperature before entering a building or public place wherever this machine will be used.
